Important roadworks information

A47 Walton Highway Roundabout Wisbech Lighting Renewal

We're planning to carry out surveys for future works to replace the lighting on the A47 at the Walton Highway roundabout next year.

We plan to complete the survey works over **five** nights starting **Monday 26 October 2026**. We will work overnight between **8pm** and **6am,** weather permitting.

Closure & Diversion

To carry out the work safely, we will need to close the A47 in both directions from the Terrington St John junction to Walton Highway Roundabout.

If you're travelling eastbound towards Kings Lynn, please take the A1101 at Wisbech heading north to the A17. Then travel eastbound on the A17 where it will rejoin the A47 at Pullover Roundabout. The diversion route will be fully signed.

Traffic wishing to travel westbound should follow the above but in reverse.

Please note emergency vehicles will have access through the works with caution.

A map of the diversion route has been included below.

How to find out more

To find out more about road improvements we're carrying out across the East of England, please visit our website at https://nationalhighways.co.uk/roads-and-travel/live-travel-updates/current-incidents-disruptions-and-delays/
